## OMATION MODEL 2112™

The OMATIION Model 2112 Envelopener is the latest advancement in envelope opening technology. Utilizing milling cutting and a self-adjusting feeder to open a variety of mixed mail sizes and thicknesses, this compact envelopener opens up to 400 envelopes per minute, allowing for quick extraction and processing. Features include:

### Proven Milling Cutter Technology

- Minimizes cut contents and provides feathered edge for safe removal
- Opens up to 400 envelopes per minute
- Opens a variety of mixed mail sizes and thicknesses including flats

### Superior Self-Adjusting Feeder

- Advanced self-adjusting feeder for efficient mixed mail opening
- Adjustable output tray easily accommodates flats and larger mail

### Easy To Use Cut Depth Lever

- Two cut-depth settings for normal and thicker mail
- No-cut setting for envelope counting

### Indicator Light for Chip Tray Removal

- Permits 3,500 envelopes to be opened without emptying tray
- Easy to view counter display
- Large capacity chip tray

## Model 2112 Specifications:
